## WHAT NPANZ supports

- Restructuring healthcare to focus on patient care
- Returning the heart to nursing
- Replacing bureaucrat-heavy systems with clinician led services
- Preventing erosion of nursing practice
- Nurses working without fear of bullying or discrimination
- Better pay & conditions for Nurses

## HOW we started

With almost 20,000 happy sister union members, NPANZ is the latest in a fresh take on unions. Our constitution prohibits us sending money directly or indirectly to the Labour party (or any politicians). This means lower fees and a more focused service on nurses. Want to see our plan to pay nurses 20% more? Check out our website.

Couldn't have been more helpful and professional. Thank you so much, highly recommended. More affordable than the union I had paid for years (who were not helpful at all when I needed them).
